

**Are you an individual or starting entrepreneur and do you have questions regarding copyright, trademark law or internet privacy? Or does your innovative start-up need assistance with more complex legal issues regarding technology, media and communication?**

#### **ASK THE CLINIC!**

The Clinic Foundation is the only specialized law clinic offering legal aid in the areas of technology, media and communication (TMC). The Clinic offers free legal assistance. Final-year information law students will answer your questions, supervised by experienced lawyers.

#### **THE CLINIC OFFERS:**

- first-line legal aid for relatively simple questions
- intensive legal assistance for start-ups dealing with complex questions
- an online knowledge platform for the most common questions

Questions you might ask us: Do I need general terms and conditions for my webshop? How do I protect my design? Can I use someone else's trademark? What should I do if I am being accused of copyright infringement?

To date, we have given advice to numerous individuals and entrepreneurs.

Our legal support has offered promising start-ups such as 3D Hubs, Braingineers, Timm&Pimm, Dreamups and Wonderflow the opportunity to grow into sustainable businesses.

#### **WE WOULD BE HAPPY TO ASSIST YOU TOO!**
